IMPORTANT NOTICE: We cannot guarantee the successful evaluation of your company and the receipt of the certificate. The charge for preliminary evaluation is 50 lv, following an invoice. You will receive the invoice for the verification costs along with a copy of the credit rating report, and the certificate itself only if the evaluation is successful, following payment confirmation. The certificate price is 386 lv + VAT for members of BCCI and 581 lv + VAT, for companies that are not members of BCCI. Issuer reserves the right to revoke the certificate, if your company fails to meet the Coface criteria for Excellent SME. You will receive the certificate via mail (if ordered in paper) in 14 days after the successful completion of evaluation. You will receive instructions regarding the installation of the Certificate, via email in 14 days, following payment confirmation. If you can't by yourself manage your website, forward these instructions to the administrator of your website. Certificates are based on proven SafeSigned™ technology, which prevents the certificates from being copied to another website. This technology has been used for many years by different EU institutions, as well as, by many successful domestic and foreign companies.
