It offers solid cash flow protection and efficient credit management support to bring you peace of mind, financial stability and ultimately facilitate the healthy growth of your business.

### Global services to protect your business

**T**radeLiner offers three essential benefits, ensuring the credit you grant to your customers is managed effectively.

**1. Prevention of bad debts:** Coface regularly evaluates each of your customers to make sure you are not trading on risky terms with bad payers.

**2. Collection of unpaid invoices:** Coface's international network of expert debt collectors use effective and professional techniques to collect your unpaid invoices, while preserving your relationship with your customer.

**3. Indemnification:** Should collection take longer than expected or fail entirely, Coface indemnifies the loss you incurred from unpaid invoices.
